COMPUTING, AND ENGINEERING

**CSCI-B 649 Topics in Systems:  
Applied Distributed Systems**

**User-Centric Design, Project 1 Discussion**

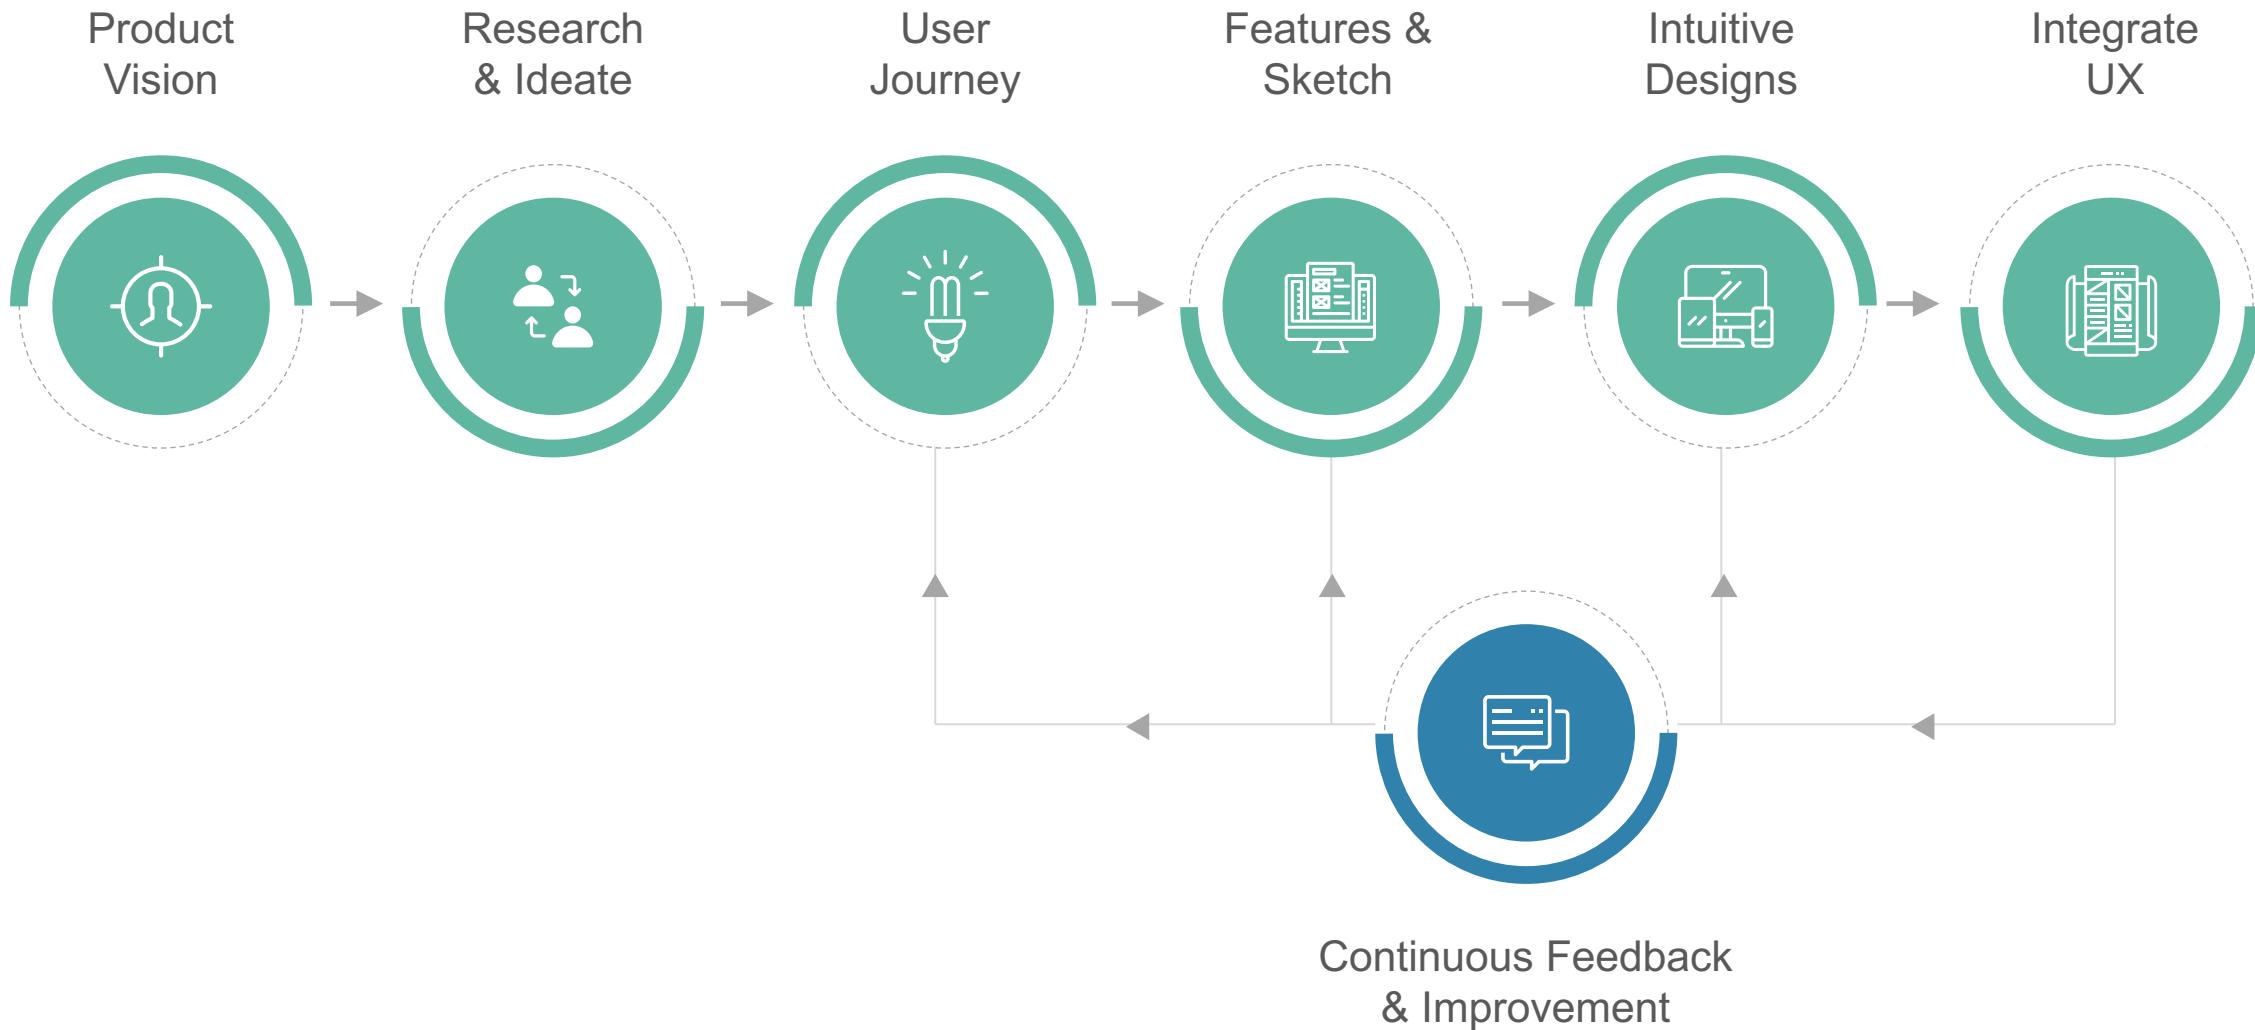

January 20<sup>th</sup> 2022

Suresh Marru

# Project Team Coordination

- Goals are to be met collectively by the team
- Each of you should submit individual contributions
- You will be graded individually
- Submissions will be a list of Github links you contributed to
  - Commits,
  - PR's
  - Issues
  - Wiki's

# UX Design Process

# Pragmatic Innovation

## Inspiration

### Design Challenge

You should let all kind of ideas float.  
Dream Big.

## Ideation

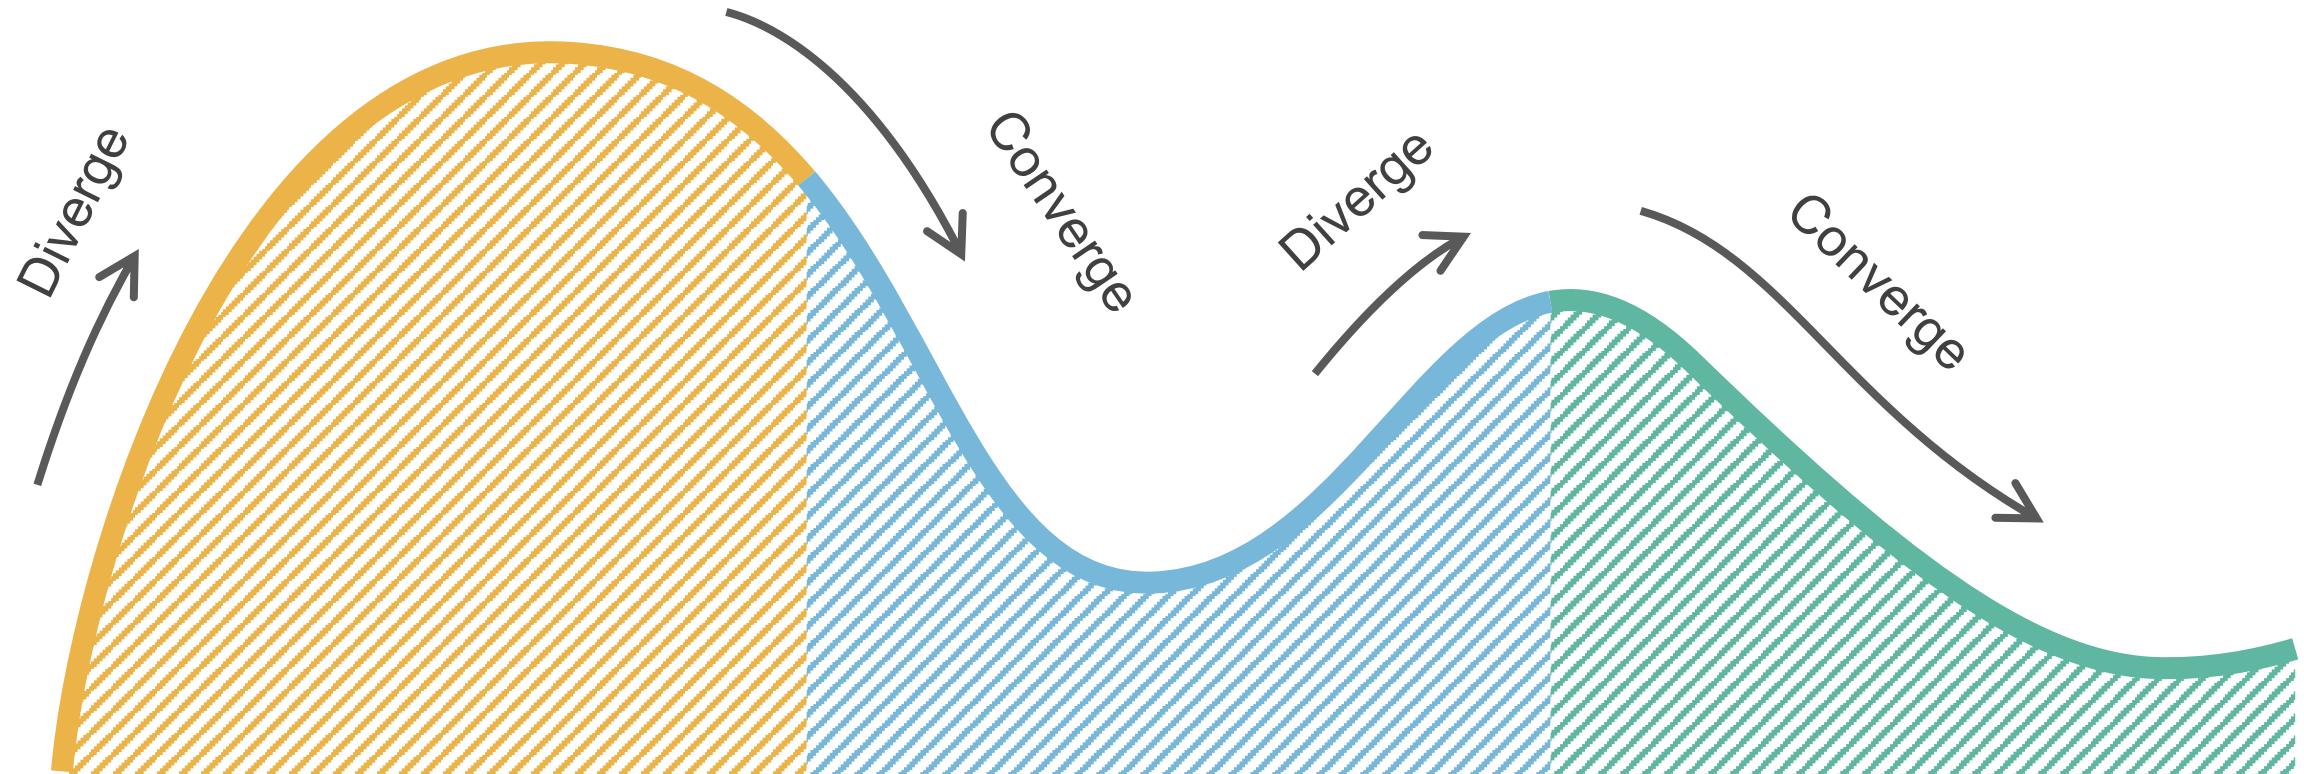

### New Opportunity for Design

Get realistic.  
Do not loose your ambitious thoughts.  
Plan on "evolution".

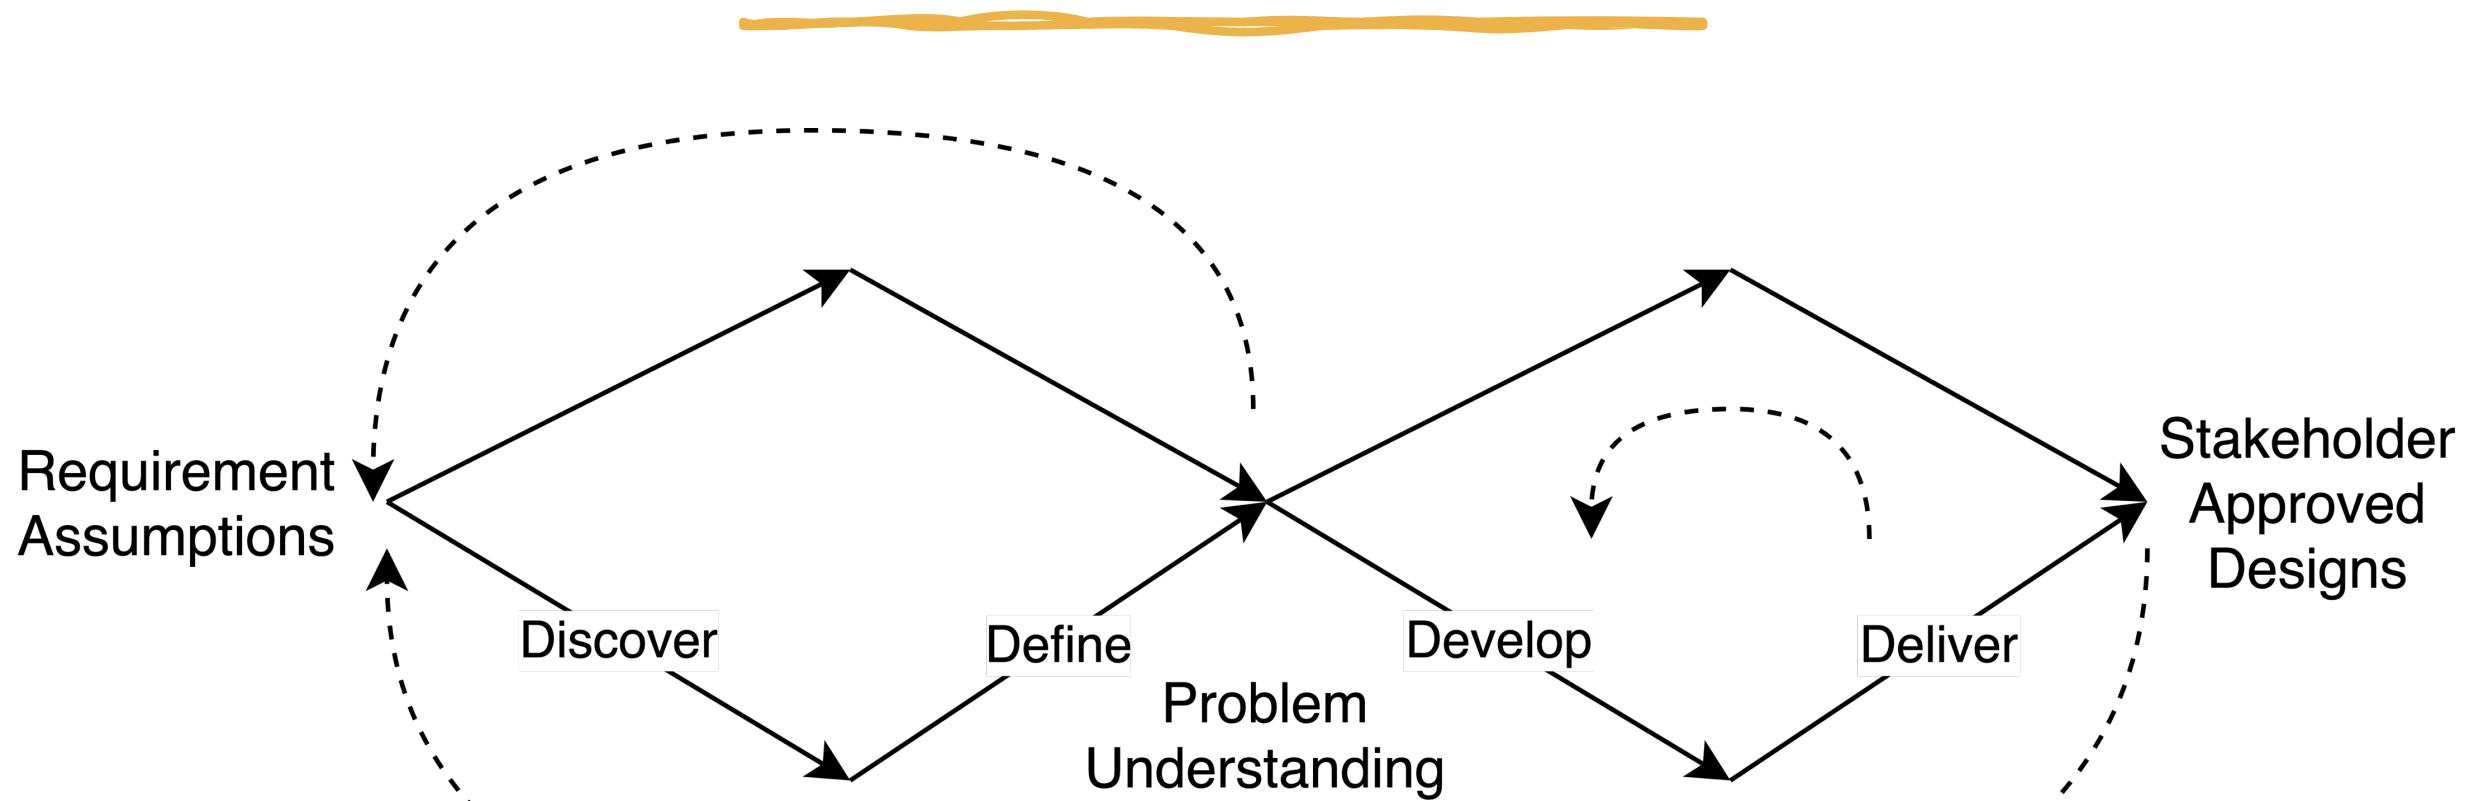

## Implementation

### Innovative Solution

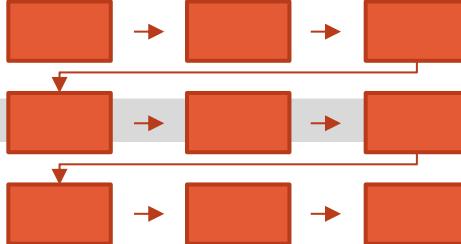

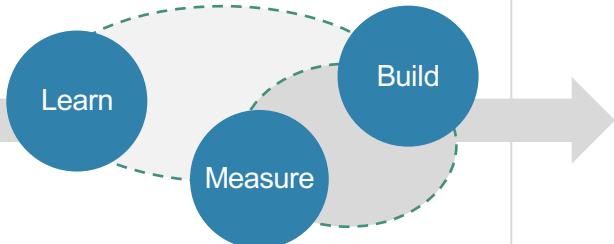

If you shoot for the moon, you will at least reach the roof.  
You should not stop at the roof and still plan to launch a rocket.

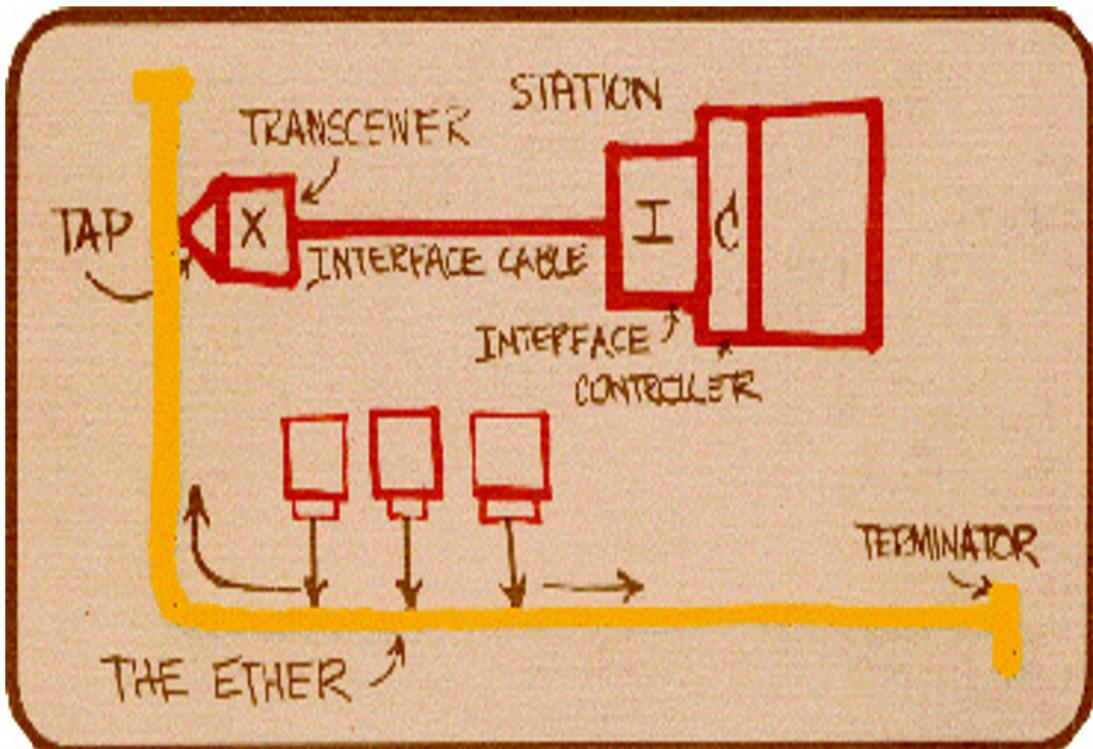

# Double Diamond Design Process

# Project 1 Deliverables

README	Information Architecture	UX Design	Peer Review
<p>Describe the project overview, your team introduction in README in your git repo.</p> 	<p>Organise, discover, explore options, develop wireframes and prototypes</p> 	<p>Visual articulation of the solution, validation of ideas and concepts, test with users</p> 	<p>Validate, learn, plan for the next iteration</p> 
<p><b>Napkin Diagram</b></p> <p>Articulate the project as a user story. Add this diagram to README and describe it in words.</p> <p><b>Outcome</b></p> <p>A user-centric understanding of the project.</p>	<p><b>Flow Charts</b></p> <p>Sketching Wireframes Journey Mapping Add this to your README</p> <p><b>Outcome</b></p> <p>Solution Exploration</p>	<p><b>Mockups</b></p> <p>High-Fidelity Visual Design Rapid Prototyping Mockups A/B Testing Add this to your GitHub WIKI</p> <p><b>Outcome</b></p> <p>Solution Validation</p>	<p><b>Methods</b></p> <p>Accessibility Usability Testing Feedback Integration Interactive Design</p> <p><b>Outcome</b></p> <p>Solution Scalability</p>

# What is a Napkin Drawing to You?

- Technical design of idea
- How will it work?
- Is it possible?

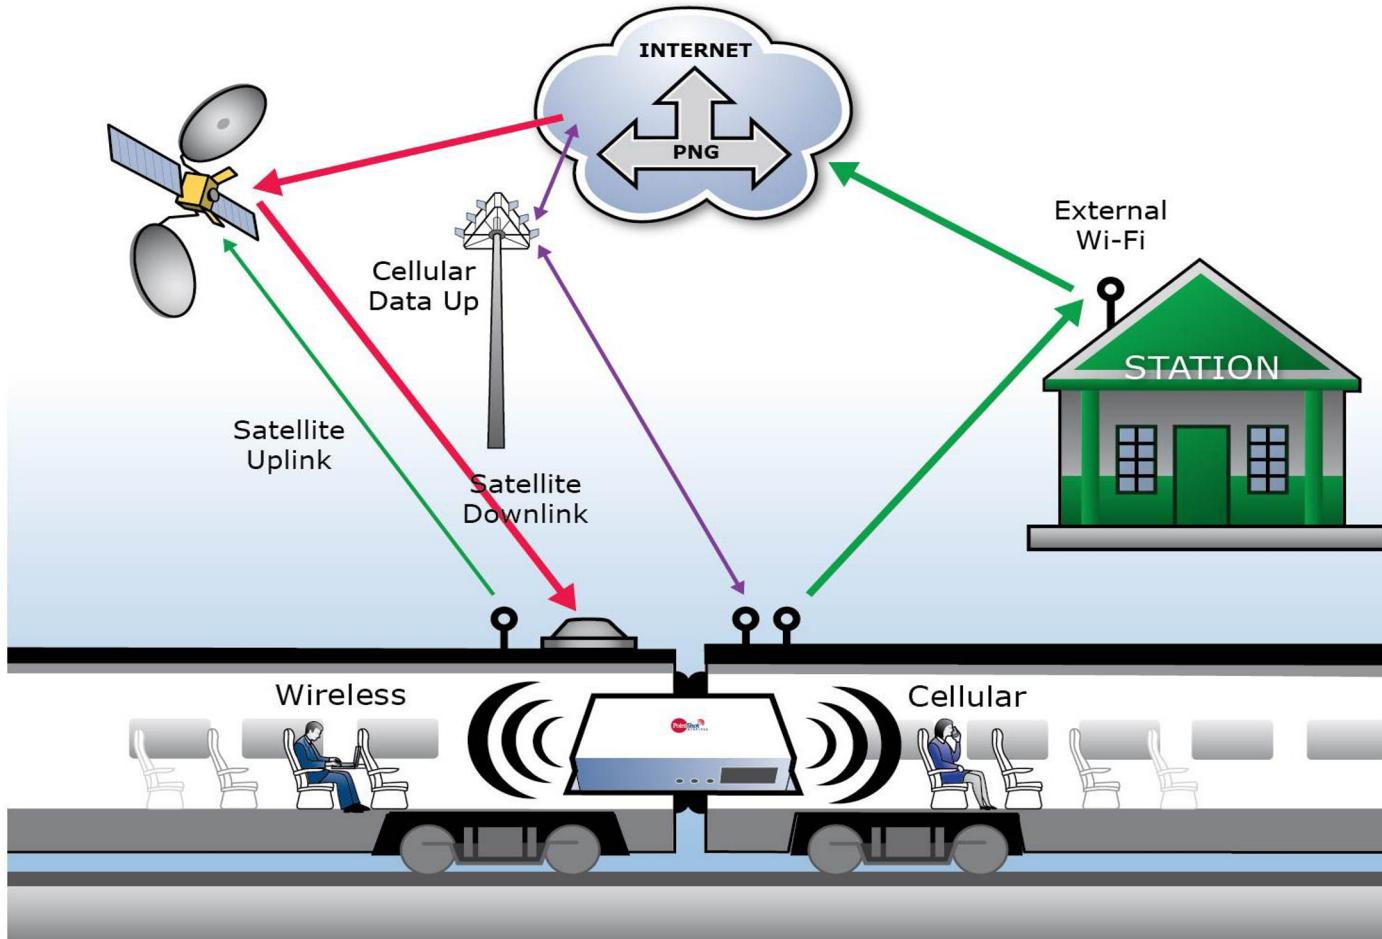

# What is a Napkin Drawing to Your Users?

- Effectively communicate through verbal and visual communication
- What it is
- What it does
- NOT** how it works
- Articulate the components of your idea that make it distinctively different than what already exists
- Avoid technical jargon

*Slides Courtesy: Juliana Casavan*

# Napkin Drawing Example

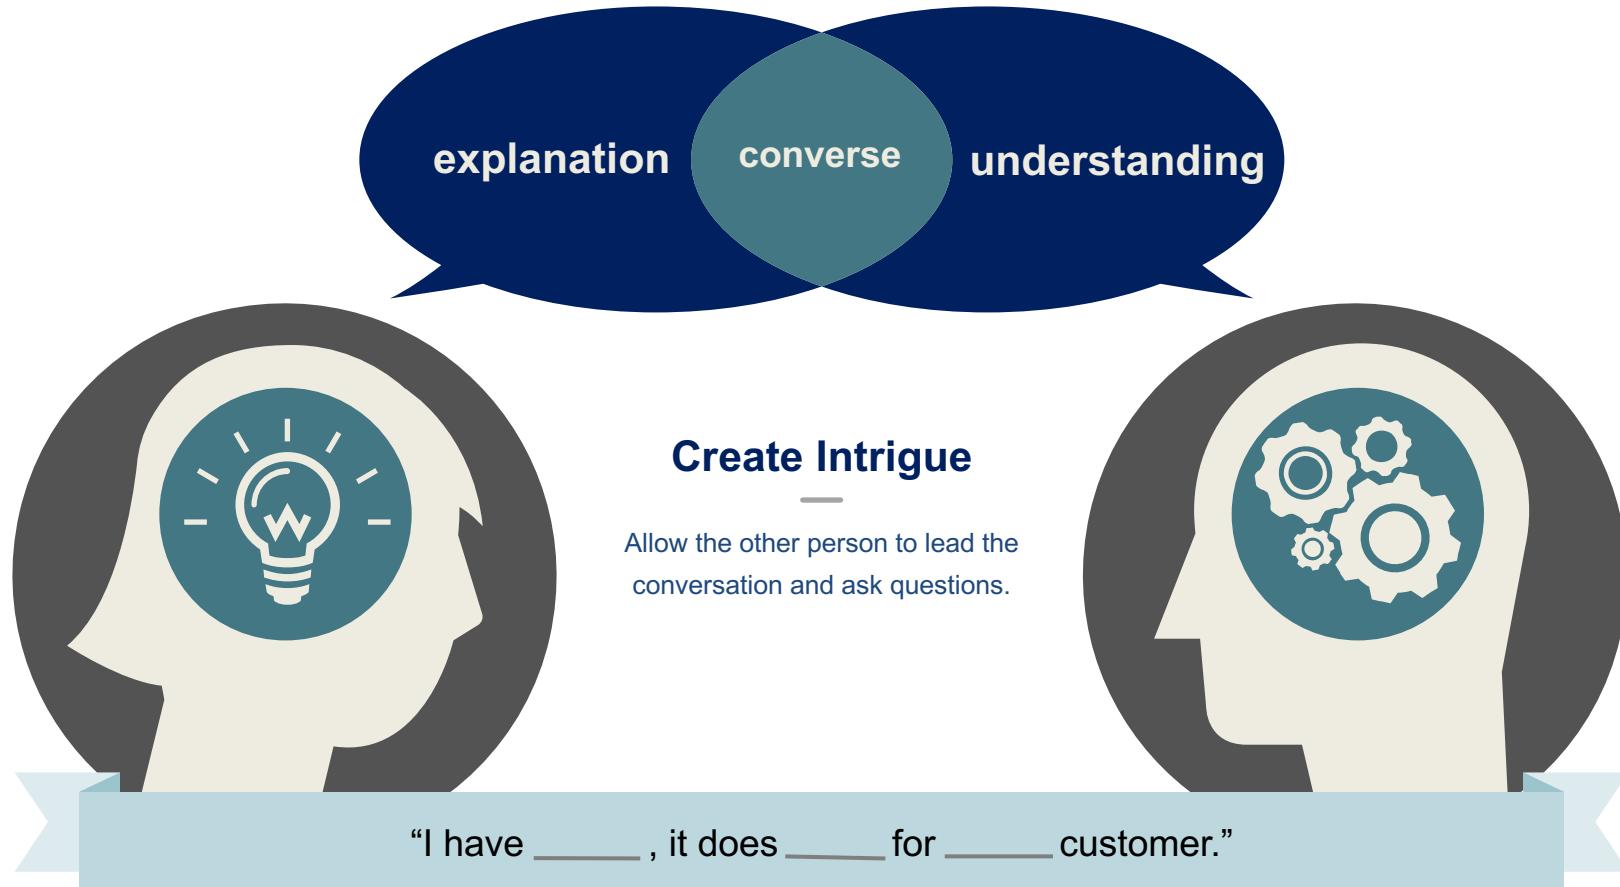

*Slides Courtesy: Juliana Casavan*

# Napkin Drawing Example - eBird

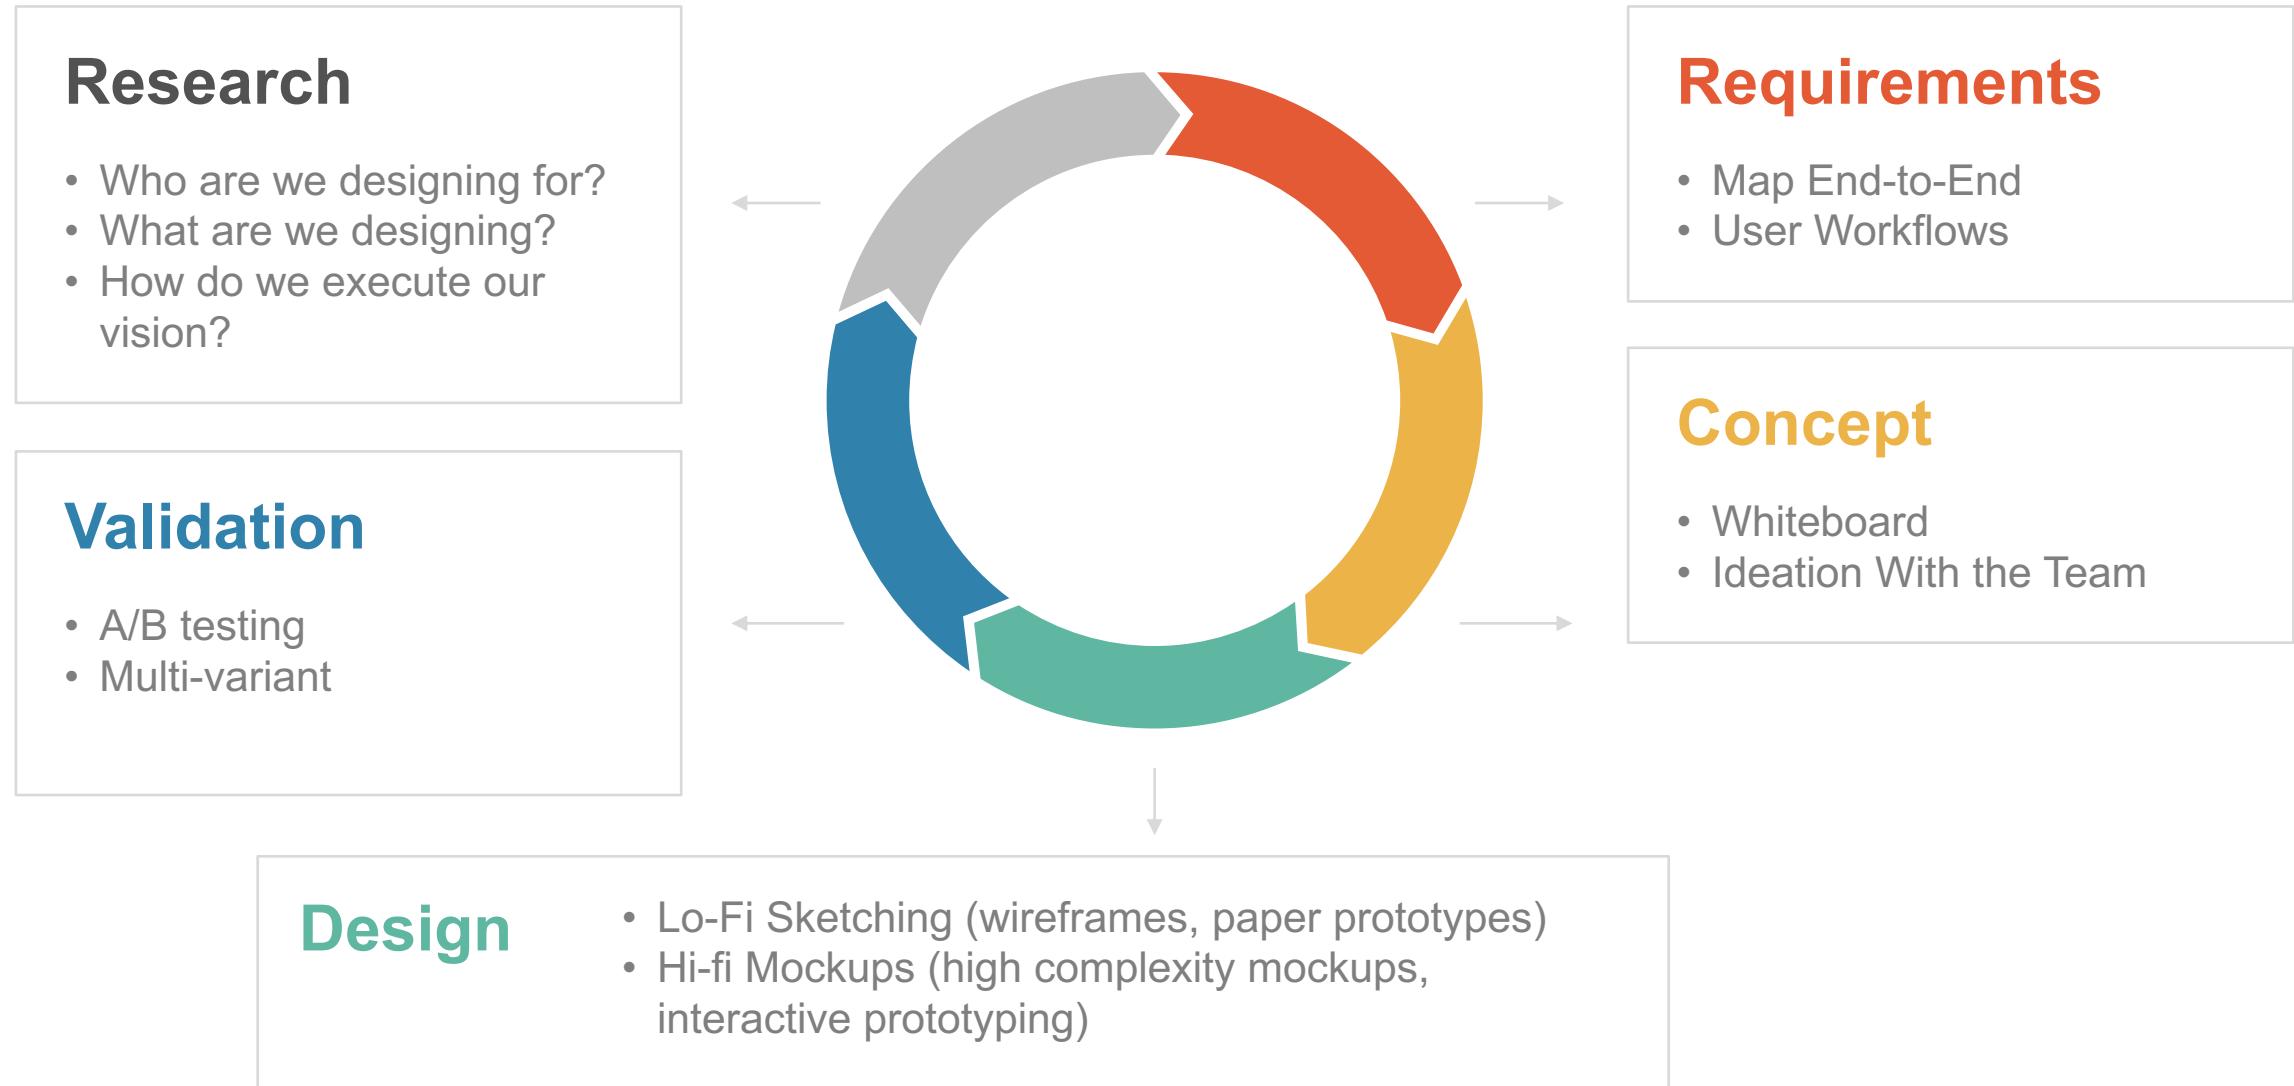

Slides Courtesy: Juliana Casavan

# Verbal Communication

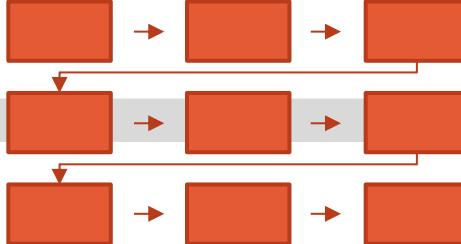

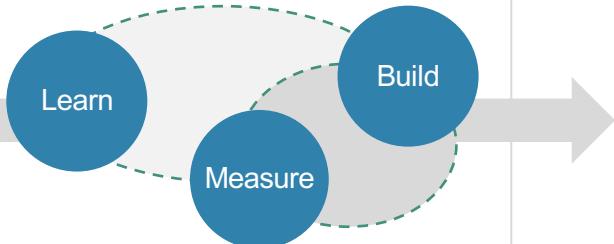

# Visualize entire project

# Tools/Frameworks

- Draw.io a free diagramming tools
  - Alternatives: lucidchart, whimsical, creately
- Adobe XD (Free for IU students)
- Sketch
- Axure
- Figma
